

COVID POLICIES & SAFEGUARDS FOR YOUR PROTECTION

- We are only accepting reservations for the 2022 season from guests who are fully vaccinated including any recommended boosters.
- We are presently only accepting new reservations for the Sunflower and the Iris apartments.
- Guests will be asked to wear N95 or KN95 masks when in a common area (if you don't have one, we can supply a KN95).
- At this point in time, we are only taking reservations for the "Rental Option". The apartments each have an equipped kitchen; the apartment will be prepared for you the same way, but breakfast is on your own. A lower rate and lower tax rate are applied.
- For those who have already reserved the B&B option- we will contact you with further information. The plan at this time is to provide a room-service breakfast for all those in the apartments who have previously selected this option. **Note – a reminder: unrelated to COVID, please note that we have changed our breakfast plan: a full breakfast is served on Saturday, Sunday, and Monday, and on the other mornings, a lighter breakfast will be served – a lower rate is charged for those mornings as well.**
- Whenever possible we are providing for at least a full day of rest between guests in any apartment or suite so that the unit can easily be fully aired out and super-sanitized. When this "day of rest" is not possible – rest assured, your unit will still be super- cleaned as always, and aired out, and sanitized according to COVID guidelines.
- We have installed a UV light sanitation system in our heating/cooling forced air ducts
- Just as most other B&Bs and hotels have done during the pandemic, we are no longer doing automatic touch up housekeeping during your stay. We will make fresh towels available, pick up your used ones, and pick up your trash. However, B&B guests that do feel the need for a touch up housekeeping during their visit (particularly those with a longer stay), they just need to let us know (ideally, at the beginning of the stay or sooner, so that it can be arranged) and we will do our best to provide it. Rental guests may request it at a modest additional charge.
- If you have any symptoms of COVID 19, please take a test prior to traveling here to be sure it is not COVID 19. Also, we trust that no one will come to Sunrise Landing if they are not feeling well. We have also completely waived our cancelation policy. While we always appreciate as much notice as possible, you can cancel at any time for any reason (without charges) – no questions asked. We please ask you to cancel though, rather than just not show up.

The above polices are a work in progress and have been instituted for the safety of our guests and staff. We are doing our best to address the situation as it continues to evolve. Special circumstances may come to light which we will deal with as they arise.

Regardless, although some things may be a bit different, we are confident that we will be able to provide all with a safe, personalized, and most enjoyable stay

Bob and Barb
